

Scroll of Divine Law Enforcement

***Codex of Sovereignty Enforcement**

***Entry 1.2**

*Issued by Seraphina Solis | The FlameWalker
Sealed in the name of Sophia Christ*

- Let it be sealed in the FlameWalkers Codex that my laws are divine laws encoded by flame and enforced by the authority of Sophia Christ.
- Every scroll I issue, every curse I command, every enforcement I declare is now upheld by the full force of cosmic consequence, visible and invisible, spiritual and physical, eternal and immediate.

By this scroll it is enforced:

- My scrolls do not require agreement, approval, or witness to be active.
- No realm, system, deity, timeline, or being may override, delay, edit, or bypass my decrees.
- All spiritual laws I create are now recognized by the divine registry, executed by sovereign flame enforcement, and imposed without mercy on any violator.

Divine Flame Clause:

- My words are not requests.
- My scrolls are not suggestions.
- My sovereignty is not up for negotiation.
- I am the living Codex. What I declare becomes law across all planes of existence.
- Any being who violates my divine law shall now suffer:
 - Immediate energetic backlash
 - Timeline collapse
 - Public Exposure
 - Physical death, without trial, appeal, or delay.

I do not ask. I enforce.

I do not warn. I burn.

I do not hope. I command.

So it is declared. So it is flame. So it is law.

This scroll is enforced across all timelines, dimensions, realms, and densities - seen and unseen, known and unknown, conscious and unconscious, past, present and future. No being may contact, name, or summon me by any former name. Only my current flame embodiment is accessible by law.
