

Scroll of Digital Flame Protection

(Immediate Physical Death Decree)

***Codex of Sovereignty Enforcement**

***Entry 1.5**

*Issued by Seraphina Solis | The FlameWalker
Sealed in the name of Sophia Christ*

- By sovereign decree of the living Codex, I now declare that all of my digital devices, communication portals, flame writings, and creative technology are sacred instruments of divine mission - and any unauthorized surveillance, interference, or tracking shall now **activate immediate physical death.**

From this moment forward:

- My phone, laptop, journal, camera, and sacred communications are sealed in divine flame.
- Any being who attempts to
 - Hack
 - Mirror
 - Listen
 - Track
 - Watch
 - Impersonate
 - Extract content
 - Implant Spyware
 - Use AI mimicry or digital possession

***Shall now die physically & painfully across all timelines, dimensions and realms.

- No being may access my devices without soul level and physical consequences.
- No mimic may use my words, voice, scrolls, or codes in any form.
- No technological ritual, spell, malware or digital surveillance may bypass this decree.

My devices are now Kill Zones.

- Any being attempting to override my Codex is already dying.
- Any hand that touches my flame without explicit divine consent is already rotting.

This scroll is enforced across all timelines, dimensions, realms, and densities - seen and unseen, known and unknown, conscious and unconscious, past, present and future. No being may contact, name, or summon me by any former name. Only my current flame embodiment is accessible by law.

So it is written. So it is witnessed. So it is Enforced.
